

HELP RAISE FUNDS FOR AUSTRALIAN LIONS CHILDHOOD CANCER RESEARCH
AND CORD BLOOD FOUNDATION (ALCCRF)

RUNNING — WITH THE — BULLS

10 a.m. SUNDAY 14TH OCTOBER 2018

ALCCRF's vision is 100% survival of kids with Cancer. Today, survival rates average 80%. However, 800 children are diagnosed with Cancer each year and we lose on average three each week.

There is much work that still needs to be done, if one day we are to prevent all kids with cancer from dying. ALCCRF provides funding to childhood Cancer Research conducted right across Australia which specifically targets improved survival rates.

Please enter your school, club or organisation team or yourself, to help this worthy cause to save children's lives or make a donation/deposit to Yeppoon Lions Club A/C BSB 124-180 20103349 with your name and ALCCRF, at Yeppoon Central, Bank of Queensland.
